

# VERSATILE ENGLISH COCKERS

*Compiled by Marie Ledoux*

These lists have been compiled to acknowledge the accomplishments of those english cockers and their owners who have succeeded in earning titles in multiple areas of dog competition.

## **Criteria For Inclusion**

The dogs and bitches listed below are the most “versatile english cockers” through 2011 having earned at least one title in each of the three groups of endeavors available to english cockers today. The divisions are: Conformation, Performance (Obedience, Rally, Agility or Tracking), and Field (AKC Hunting title, AKC field title, or ECSCA Working title). This is often called “Beauty, Brains, and Birds”. Some of these dogs and bitches are also top producers with ECM titles.

The “Versatile Sires” and “Versatile Dams” list includes those dogs and bitches who have produced offspring who have earned titles in all three endeavors listed above plus they have produced at least one ECM.

NOTE: This list is for information purposes only. Every effort has been made to include all eligible english cockers. The lists were compiled from the ECSCA database of Titleholders. The titles used to identify each category are those also used to compile the English Cocker of Merit awards.
